

# WEEKLY CHAMPION.

SATURDAY, JUNE 13, 1885.

This paper is kept on file at E. C. Dake's Advertising Agency, 65 Merchants' Exchange, San Francisco, Cal., where contracts for advertising can be made for it.

THE CHAMPION HAS A CIRCULATION ALONG THE LINE OF THE A. & P. ROAD DOUBLE THAT OF ANY OTHER PAPER IN ARIZONA.

## LOCAL MATTERS.

Flagstaff school district makes a return of 147 school children.

Mohave county stock men will soon organize a stock association.

Double teams, with fine carriages, are let at \$3 per day in Phoenix.

Mineral Park has two faro games. So does Flagstaff, and more are coming.

Tonto Basin, this county, returns 7,000 head of cattle to the county assessor.

Articles of incorporation of the Prescott & Arizona Central Railway have been filed with the Secretary of the Territory.

M. H. Sherman, banker of Phoenix, formerly of Prescott, was married to Mrs. Pierce, in San Francisco, on Tuesday of last week.

The Arizona Cattle Company received, this week, at Flagstaff, four Galloway bulls, to place upon their range. They are sleek cattle.

Witnesses in criminal case under a law which went into effect January 1, 1885, now receive a compensation of \$2 per day for attendance at court.

W. J. Blake, the polygamist, who served six months in the Penitentiary, has returned to Apache county. He says he wants no more polygamy in his.

Judging from the number of cases before the grand jury and in court from the Williams, one would suppose a regular social cyclone had swept over them.

The Atlantic & Pacific railroad company has been obliged to add many cattle cars to its rolling stock to meet the demand of the live stock along its line.

Mrs. Hall, late housekeeper for Mr. Barnhart, at the Barnhart ranch, in this county, sued her employer for upwards of \$100 salary, and obtained a judgment. Good.

To-morrow, 14th, is Children's Day throughout the United States. Appropriate service will be held at the school house in the morning, Rev. J. F. Pierce, officiating.

Our citizens should call a meeting and select three good men, parents or guardians of children of school age, for school trustees. The election will be held Saturday, June 27th.

M. V. Howard, Esq., formerly of Prescott, has located in St. Johns. Mr. Howard is a bright young lawyer, and the bar of Yavapai county will wish him success in his new home.

R. J. Gray, of Arkansas, a cattleman, accompanied by his mother, arrived here last week, and both have gone to visit his brother-in-law, Mr. Scott, on the Verde. The mother and daughter have not met for twenty years.

The Aztec Cattle Company, who recently purchased from the A. & P. railroad company a million acres of land, or thereabouts, will ship to Flagstaff next week 6,000 head of cattle, and many thousands more are to follow.

Under a law passed by the last legislature, the jury in cases where parties are convicted of murder in the first degree, can affix the penalty. When none is fixed it is the duty of the judge to affix the death penalty.

J. C. Rogers, (Sandy) takes a position today as day "bar-keep" at Jas. A. Vale's Palace Exchange. He is the boss mixologist, and summer drinks will be in demand at the Palace. Dan Coakley has the night shift.

Flagstaff is at present afflicted with a number of cut-throats, some of whom are wanted for crime elsewhere, ostensibly "tic horn gamblers" by profession, who ought to be ordered out of town, and not stand upon the order of their going.

Charles Sterling and George Randolph, charged with stealing a heifer from Wm. Munds, in December last, had their trial in Prescott this week, and the jury returned a verdict of guilty. At this writing the prisoners have not received their sentences.

Parground, the man who killed Daggett at Williams in January last, had his trial at Prescott, and the jury rendered a verdict of manslaughter, the extreme penalty of which is ten years. Through the energetic, untiring labor of his counsel, E. M. Sanford, his neck was saved.

## Winslow Whisperings.

June 11.—J. H. Breed returned from the county seat Tuesday, where he had been on important legal business.

J. R. Scott and J. D. Poundstone spent a pleasant day in Flagstaff on Wednesday. They speak in the highest terms of the Flagstaff people. Some think that "Scottie" has a wooden leg, but he has'n't, it being only bunions that make him lame.

Mrs. J. H. Price, wife of the agent at Navajo Springs, who has been visiting with the family of Train Master Mills for a few days, returned home to-day.

Reports from Superintendent Chalender, who was stricken with paralysis some days ago, are quite favorable. He has assured the committee that if able, will join the Winslow people in their efforts to make the eagle scream on the 4th of July.

Mr. Demorest assures us his large stone hotel will be ready by the 4th of July, so there will be no excuse for people staying away on that day on account of no hotel accommodations. There will be room for all.

The many friends of Cale Green, formerly an engineer on the A. & P., will be glad to learn that he is running an engine on the Mexican National R. R. out of the City of Mexico, and is getting along finely.

Mr. Breed is giving his store a "red" coat of paint. If he had only put it off till the 4th, the whole population would join in with him, as that will be the color of the town on that day.

Scott & McCammon are the names of the new insurance agents, having received their commission from the Fireman's Fund, of San Francisco, a few days ago. They will also represent several life and accident insurance companies soon, when their ad. will appear in the CHAMPION.

Conductor Pomeroy started for Topeka and Kansas City on a short visit, to-day, but will be back by the 4th of July, to take an active part in the grand ball.

Posters for the celebration are being scattered broad cast over the country. Invitations for the ball are also being distributed. It is the intention of the committee to slight no one in sending out invitations, and should you not get one, come anyhow, as the committee is not like a city registering office having a directory to get names from.

ANON.

## Territorial and Other Points.

The great increase in cattle and horses in Yavapai county has increased the opportunity for theft of animals allowed to run until one and two years old without branding them. Many cases of theft of this kind are now in the hands of the officers of the law.

While the Wingate soldiers are playing match games of base ball with clubs from surrounding towns, why don't they challenge a picked nine, consisting of Geronimo and eight of his brave warriors?

Those who contemplate bringing cattle into this Territory should remember the last legislature passed a law making it an act of trespass to turn out on an open range more stock than they have water to supply them with.

The soldier boys of Fort Wingate are winning the plaudits of New Mexican seniors for their prowess on the field. The field of their operations is the base ball field.

Each cattle owner in this Territory is required by the laws of the same to provide for each twenty head of cows one American graded bull.

The grasshoppers in California have been reinforced by the Hessian fly, and between them both the honest grazer finds the road a decidedly hard one to travel.

## Killed by a Bear.

A few days since a man named Wilson, employed on the Thompson ranch, Oak Creek, and well known in Flagstaff, was killed by a bear, being literally torn to pieces. He was going toward the ranch, and seeing the bear, he fired, wounding her. He then followed the bear up, firing at intervals, until they both got into a small box canon. Wilson, thinking the bear was about to drop from the wounds received, advanced too close and she sprang upon him. Her cubs were found near where Wilson was killed.

We have received the first number of the Wallapai Tribune, published at Kingman, Mohave county, by Anson H. Smith, formerly of the Mohave County Miner. It is neat in appearance, is ably edited, and starts off with a good advertising patronage. The Tribune has our best wishes for its success.

## The North and South Railroad.

There seems to be a hitch between the local Directors of the Arizona Central Railroad Company, organized for the purpose of building a railroad from the A. & P. to Prescott, and the eastern capitalists. Our Prescott friends better not be too exacting, or they may drive capital away from the enterprise. The Courier of the 10th inst. says:

The railroad situation is about as follows: Mr. Tom Bullock, backed by plenty of money, says he is desirous of at once building a north and south railroad. He has, here, a company that is ready and anxious to turn over all acquired rights to him. These people have a small force of men working on the line of the road. Mr. Bullock is expected in Prescott on Friday evening next. A conveyance will meet him at Ash Fork and bring him here. He says he will construct a standard gauge railroad.

Major Wilson and other capitalists have been thinking of building a narrow gauge road. This, our people do not want. That is, they prefer a standard gauge, so that cattle, etc., can be shipped without having to change cars too often.

The local organization known as the Arizona Central Railroad Company claim to have expended between \$6,000 and \$8,000 in surveying, mapping, etc. They would, of course, like to be reimbursed. Mr. Bullock, through some of his friends, made them an offer, which report says, was rejected. They discussed matters with Major Wilson and party and at yesterday's meeting acted patriotically, in agreeing to place their books, maps, etc., at the disposal of the company that will prove by its acts that it means to build and equip the road in accordance with the act passed by the Thirtieth Legislative Assembly. As soon as the first ten miles shall have been completed, the company building the road can, if its directors see fit, pay to the Arizona Central Company amount expended by its members for surveying, mapping, and other work. This statement may not be exactly correct, but it is, at least, nearly so. Gov. Tittle, Messrs. Bashford, Head, Ellis, Butler, Behan and other citizens whose names we do not now recollect, subscribed liberally for the work we have spoken of, and their action in the premises cannot but be applauded by people generally. The Governor is out more than anyone else, and we hope he will, in some way, be reimbursed for time and money spent in so good a cause.

## Package Found.

HOLBROOK, June 12, 1885.  
Mr. Fay, Flagstaff, Arizona. Dear Sir:—I have a package of letters that was picked up from the road and given to me for identification. Among them is a note for \$50. The letters are addressed to Thos. Molloy, Ash Fork, and I think used to live at Flagstaff. If you know anything about Molloy, or where he is, or wish to notice it in your paper, so we can find him, you may do so.

Very Respectfully,  
D. G. HARVEY.

Porter Bros., the famous fruit dealers of Los Angeles, who supply Arizona to a very great extent with fruit and vegetables from California, are this year making special inducements to buyers of oranges, lemons, peaches, apricots garden vegetables, and potatoes. It is one of the most reliable firms on the Pacific coast, handle and ship none but first class goods, and are very prompt in filling orders. Dealers and consumers will find it to their advantage to place themselves in communication with them. Read their advertisement.

The editor of this paper is a Notary Public for Yavapai county. He hasn't got money to loan, neither does he own mortgages, and publishing a paper in this locality is hardly bread and butter, but he will say to the people, those who have use for a Notary, bring on your papers, and if you have no money for fees, he will apply his stamp for nothing. Read advertisement in another column. Who can say we are not a friend of the "poor whites."

The Albuquerque Journal reports that John W. Young, son of the prophet, recently skipped out of Salt Lake, to escape arrest for polygamy. He was accompanied by his blonde-haired Philadelphia wife, Luella, who at one time was a resident of Albuquerque.

A Bachelors and Benedict's ball will be given at Winslow, July 4th, next. Tickets including supper, \$2. This will be a grand affair and a large number of invitations have been issued. The railroad towns will be largely represented. We will be there in our best clothes.

# THE SAVAGES.

Each Day Brings News of More Bloodshed.

W. A. Daniels, a Prominent Citizen of Co-chise, a Victim.

## One More Victim.

TOMBSTONE, Ariz., June 10.—A courier arrived from Bisbee this morning with the intelligence that the Apaches had killed W. A. Daniels, mounted inspector of customs, a short distance from Bisbee last night. On receipt of this information at Bisbee an armed force of men started in pursuit of the Indians. A courier was dispatched here for assistance. Two well armed parties, numbering fifty volunteers, started after the Indians to-day.

## Appealing to the President.

TOMBSTONE, June 10.—The following message was forwarded to-day from this city: Grover Cleveland, President of the United States, Washington: About one hundred Indians from San Carlos have been raiding over the country for the last week, destroying property and killing our ranchers. Last night W. A. Daniels, customs inspector, was killed six miles from Bisbee. There are plenty of soldiers in the country, but they are incompetent to do anything. Can you not help us? Signed—R S Hatch, sheriff; A S Ritter, county treasurer; A T Jones, county recorder; John Montgomery, chairman board of Supervisors; John C Easton, collector of customs; John P Clum, postmaster.

Under date of Deming, June 8, General Crook telegraphs to Washington as follows: Preparations to operate against the hostiles, in accordance with my telegram of the 5, should be made with the least possible delay. As a rule the Indians thus far have only killed citizens to get arms and ammunition, but if after some of their number have been killed the Indians have been driven back into the United States there is no estimating the damage they will be likely to do. The number of people living in the mountains and their property interests have increased enormously since the time of Victoria so that if the Indians meet again in these mountains, such a wall will go up as was never before heard.

In transmitting this dispatch General Pope says that he has complied with General Crook's request to the extent of his power, and submits the matter for the action of the war department.

## "Acted Like a Charm."

This is what Mrs. Mayer, of Baronne street, New Orleans, says of Brown's Iron Bitters. A "charm" works quietly, surely, promptly, thoroughly and with delightful effect. That is just the way this wonderful family medicine works on invalids who have been suffering the woes of liver complaint, dyspepsia and impoverished blood. Those who know its worth say it is a complete cure for dyspepsia, weakness, malaria neuralgia, etc.

## Meeting of the Mogollon Live Stock Association.

A meeting of the Mogollon Live Stock Association will be held in Flagstaff on Friday, July 3d, 1885. It is to be hoped that every member of the Association will be present, as business of great importance to the members is to be transacted.

W. H. ASHURST,  
A. E. FAY, Secretary, President.
